

# Smart Farm Kits

## Animal Welfare Monitoring Kit

This kit provides farmers with real time monitoring of livestock sheds and calf igloos.

### What do I get in my free kit?

#### Rugged sensor with remote monitoring facility

Provides accurate, real-time humidity, temperature and CO2 data of animal housing.

#### 24 Months data services

Includes LoRaWAN network, data storage, and data visualisation with user login.

### Benefits?

- ✓ Real-time temperature & humidity metering
- ✓ Spot problems that could lead to pneumonia or similar
- ✓ Ability to set alarms on temperature and humidity parameters
